

CHILLY EVENING ON THE SAUCER.

Motors Fail to Work and a Tire-some Procession Followed.

"TERRIBLE SWEDE" WINS.

Only Vaughan Captures First Honors in the 5-Mile Handicap Professional-Tyre Shut Out.

About 4,000 bicycle enthusiasts were disappointed over the outcome of the much talked of five mile race between John M. Chapman and John Lawson, at the Salt Lake track last evening.

It was understood that both men and their racing machines were in first class condition, and that the race therefore would be a hot one. But such was not the case. Both men appeared to be strong and able to ride the fifty miles with ease, and behind a good pace too. The race started off all right, Chapman getting the pole in the toss up. He was paced by Charlie Turville and C. E. May on his new motor-cycle. Lawson's pacer was Oscar Julius and Gusie Lawson.

In the second lap Lawson got the lead and held it for about six miles when Chapman passed him. All was now going nicely and the spectators settled themselves as comfortably as possible when suddenly Chapman's motor cycle began to perform its part and the Swede gained his chance, shot ahead. He had gained nearly a half a lap on the Atlanta boy when the latter left his now worthless pacer and made the most phenomenal sprint ever witnessed on the Salt Lake saucer. He overtook the Lawson crowd before they had gone twenty-five yards. The crowd cheered wildly and Chapman held resolutely on until his motor rushed up to his relief, having taken on a new lease of life. The southerner held the lead for two miles and then it happened again. Lawson shot by him and ran the race. He held the lead on Chapman until the pucky little rider had not a ghost of a chance to win. For eight miles he rode unopposed. Both of his machines acted contrary.

The "Terrible Swede" held to his pace and at the end of the hour the world's record for one hour's riding had gone glimmering. He rode 32 miles in that time which is two miles better than the record. At the end of forty miles when everybody was weary and cold, Referee John Sharp called the riders off the track and gave the race to Lawson. The forty miles were covered in 77.09.

The first event of the evening was the three-quarter mile handicap professional. Iver Lawson was shut out of this by his brother and Gunn running him up the bank, giving Vaughan and Rutz the lead. Vaughan got first, Rutz second and Gunn third. Time—1:21.2-5.

DUCK SHOOTING TODAY.

About 200 Sportsmen Left Last Night for Various Fields.

The duck season is open and many a hunter, accompanied by his little dog and gun, was out long before daylight this morning to engage in the sport of shooting. When the stores closed last evening all the rentable guns were gone, and there were probably 2,000 sportsmen out along the banks of the Jordan and along the black sloughs this morning. A number have gone to Idaho in the Bear river country.

Sporting Notes.

Charlie Turville last night challenged John Lawson for a fifty-mile race, and posted a forfeit of \$100 when Manager Peters of the Salt Palace. Lawson says he is willing to ride against Turville or any other man, from 50 to 500.

A Philadelphia dispatch of yesterday says: Phil Maher completely outclassed Jim Jeffords of California in two rounds of what was to have been a six-round fight at the Pennsylvania Athletic club tonight. It being evident that Jeffords could not go on, the referee stopped the fight.

The Short Lines and Ogden are engaged in a baseball battle at Walker's field this afternoon. The Rios and Shorts play tomorrow.

T. J. Montgomery, who attended the racing contest in Grand Junction, Colo., says that of the men who contested there he has secured ten to take part in the tournament to be held here Sept. 26th to the 29th, during the race meet.

Charles Pray, who was injured on the track about two weeks ago, is in a very precarious condition. After the accident he slept in his training quarters. He was penniless and helpless, and but for the kindness of Billy Vaughan and R. Grames he might have died. A collection being taken up for him among the riders and Pray will be sent to the hospital.

OUTSIDE EVENTS.

BASEBALL IN THE EAST.

Brooklyn Shut Out—New York Wins Final Game from Chicago.

In the camp of the Brooklynites yesterday a surprising thing occurred. The leaders were shut out by the team that is almost the tail end of the league kile. Cincinnati did the trick and it was accomplished by superior fielding and batting. The hits were bunched on Brooklyn's pitcher in the second and fourth.

Following shows the standing of the clubs:

STANDING OF THE CLUBS.

National League.

P. W. L. P. C.	
Brooklyn	114 69 45 695
Pittsburgh	115 66 49 674
Philadelphia	112 67 45 668

Cleveland at Minneapolis.

Detroit at Kansas City.
Indianapolis at Milwaukee.

BUNCHED THE HITS.

That's How Cincinnati Shut Out the Brooklynites.

Brooklyn, Sept. 14.—Cincinnati shut out the Brooklynites today by superior fielding and bunched a brace of hits off Kennedy in the second and fourth. Phillips held the lead for two to six scattered hits, and two fast plays cut off runs when the Brooklyn were dangerous. Quinn's batting was the feature. Attendance, 800.

SCORE.

R. H. E.	
Cincinnati	2 9 1
Brooklyn	0 0 0
Batteries—Phillips and Pelz; Kennedy and McGuire.	
Umpire, Gaffney.	

CHICAGO IS DEFEATED.

New Yorkers Win the Final Game Through Better Fielding.

New York, Sept. 14.—The New Yorks won the final game with Chicago today through superior batting. A feature of the game was a steal home by Doyle in the fourth inning. New York clubs have made a big offer for Murphy, the Norwich, Conn., second baseman. Attendance, 700.

SCORE.

R. H. E.	
Chicago	1 6 0
New York	5 11 2
Batteries—Garvin and Kling; Hawley and Grady.	
Umpire, Emslie.	

AMERICAN BOYS WIN.

Cooper and McFarland Come in Second and Third.

Paris, Sept. 14.—The grand race of the nations, one of the leading events of the cycling carnival at Vincennes, was today won by America. Great Britain, Germany, Italy, Austria, Belgium, France and Holland competed, each country being represented by three men. Cooper, McFarland, and Banker constituted the American team. The distance was 1,000 metres.

In the preliminary heat America defeated Belgium by eight points to thirteen and in the semi-final America won from Italy by the same score. The French team, composed of Jacquelin, Bourillon and Loubet disputed the final with the Americans, the latter winning, although Jacquelin finished first in 2 minutes 17-5 seconds. Copper was second, McFarland third, Bourillon fourth, Banker fifth and Loubet sixth. The purse was 6,500 francs, divided into individual prizes and three prizes for the winning team. The marking was by team and by points.

SAYS IT'S RIDICULOUS.

Corbett Denies Faking Fights With McCoy and Sharkey.

Queenstown, Sept. 15.—A representative of the Associated Press on board the Cunard line steamer Campana from New York, handed to James J. Corbett a number of dispatches relating to the charges made against him in New York. He read them and said: "It is ridiculous to say that my fights with Sharkey and McCoy were fakes." Corbett and Marguerite Cornelle, the actress, were booked as "Mr. and Mrs. Martin." Her mother was with her, and Corbett occupied a separate state room.

"The allegations of Mesdames Corbett and McCoy are too ridiculous to speak about," Corbett said. "I am here mostly on a pleasure trip. I may, perhaps, take part in some sparring exhibitions. I have no present intention of abandoning the ring."

"We traveled under assumed names just to have a quiet departure. I would regret, for the lady's sake, if her name got publicly. I was only introduced to Mile. Cornelle on starting from New York and George Considine, being acquainted with her, took the tickets in the name of 'Martin.'"

Both Considine and Corbett laughed heartily when the allegations regarding the McCoy-Corbett fight were read over. Considine said:

"They are lying statements put forward by New Yorkers who have sore heads and lost money over the battle." The assertion that he had taken with him \$100,000 greatly amused Corbett, who said that, in any event, this was his private business.

Both Corbett and Considine said that all was right and proper in the relations between the former and Mile. Cornelle, and they professed to be astonished at the reports to the contrary from New York.

SOCIAL AND PERSONAL.

The opening session of the Ladies' Literary club occurred yesterday with a brilliant literary and social program. Mrs. Adella M. King, the new president, made an interesting address, in which she reviewed the past career of the club and the obligation of the members to pay increased attention to its work and interests. She also read an excellent paper on the "Literary and Social Fair."

The afternoon feature of the afternoon was a lecture on Parliamentary usages which included a drill which the lecturer executed with remarkable skill and grace. The lecture is considered amongst the most important yet delivered before the club.

During the afternoon, between the lectures, musical selections were rendered by Mrs. Gerrans, Mr. Hugh Douglas and Prof. Shepherd.

After the program a pleasant social hour was enjoyed, refreshments being served. The department committee was composed of Mrs. J. E. Gallager, Mrs. Orwald, Mrs. Delano, Mrs. Tuttle, Mrs. Carpenter, Miss Aft and Miss Bird.

The engagement of Miss Lillian Martin of this city and Mr. John A. Hunt of Eureka is announced.

A party of about 150 young society people go out to Saltair in special cars tonight, to enjoy the charms of the popular and beautiful spot in the winning autumn season. A delightful time is anticipated.

Mrs. A. H. Aulse and Miss Inid Aulse will return from Denver next week.

Mrs. S. H. Merrill, who has been visiting in Montana during the summer, has returned.

FOR RED ROUGH HANDS FOR ITCHING PALMS

ONE NIGHT TREATMENT.—Soak the hands thoroughly, on retiring, in a hot lather of CUTICURA SOAP. Dry, and anoint freely with CUTICURA Ointment, the great skin cure and parast of emollients. Wear old gloves during the night. For sore hands, itching, burning palms and painful finger ends, this one night treatment is wonderful.

WOMEN Especially Mothers are most tempted to neglect the remarkable skin disease, CUTICURA, and find new uses for it daily.

Sold throughout the world. PORTER, D. AND C. CO., Prop., Boston. "How to Have Beautiful Hands."

SYRUP OF FIGS

returned, and will be at Ford's till the 24th, when she will go to Colorado.

Miss Minnie McClellan of Payson, sister of Prof. J. J. McClellan, has been visiting with her friend Miss Spence for several days.

Mrs. J. R. Clark will leave on Friday next for Cedar City to join her husband, who is in charge of the Branch Normal school at that place.

Miss Edith Lindsay has signed with Charles Frohman to play in support of Maude Adams in her new play "L'Aiglon."

EDUCATIONAL.

HIGH SCHOOL.

The enrollment in the High School at the close of this week was 564. The pupils enrolled at the close of the first week last year numbered 591. Most of the increase is in the freshman class.

A body of the students interested in athletics held a meeting yesterday afternoon, and elected as the temporary manager, and Fred Smith as the temporary captain of the football team. Principal Eaton gave the boys a short talk which they enjoyed very much. Prof. Eaton suggested the organization of an athletic association, and said many things to encourage the boys in that direction. It is quite probable that the suggestion will be acted upon and that an association will be effected in the near future. The boys feel that they must not only hold up the reputation of the school in athletics, but attain to a higher standard.

The football team will have its first practice this year, next Monday. The boys propose to waste no time, and they confidently expect to sweep aside all the local teams as they did last year.

The affairs of the school have been running smoothly, classes have been arranged, and the regular work was begun yesterday.

One of the most noticeable things about the school is the presence of a large number of pupils from outside and private schools. They are indeed welcome.

A committee has been appointed to decide upon the standing of fourth year pupils in respect to graduation. The committee will report the early part of next week. This action will avoid the disappointments at the end of the year, as the students will know from the beginning whether or not they are going to graduate.

All the teachers have entered into their work with a zest, and they feel that this will be a record breaking year.

The custom of Wednesday morning meetings will be continued. A program will be given next Wednesday morning.

Among the additions to the school are an electrical clock and a new stereopticon for the physical laboratory.

AGRICULTURAL COLLEGE.

Professor Clarence Snow was married last week to Miss Cora Groesbeck, for the past ten years a teacher in the Logan City schools. The young couple are now cooly settled in one of Bishop Smith's cottages between the college and town.

Professors Dryden, Clive, Robinson and Faris spent the first half of the week fishing up the canyon.

Of the graduates of the class of 1900, Miss Heimer is teaching in Logan. Mr. Homer will probably teach in the Preston Academy; Mr. Nelson is deputy fruit inspector of Cache county, and Mr. Fleming is teaching in the Lawrence Scientific school of Harvard to study engineering.

At a meeting of the college faculty on Friday, a program of recitations was adopted, work and rooms assigned to instructors, committees appointed and arrangements completed for the opening of the term on Tuesday.

Dr. A. B. Dunford, of Salt Lake City, has been, for a week, visiting the family of Professor J. A. Whitson.

Professors Clive and Peterson went, on Thursday, to Riverdale, Idaho, to investigate the efficiency of the digger wasps in destroying the codling moth.

Secretary Maughan and family are spending the final week of vacation in Logan canyon.

Changes are still going on in the college building. The newspapers have been moved into the large north study hall, and a faculty room is being fitted up in elegant style in the south reading room.

Professors who have been away most of the summer, are now occasionally seen on the college grounds, and an occasional student is noticed.

Messrs. Foster, Merrill, Clive, Peterson and Dryden, of the station staff, have been at their desks the greater part of the summer.

CLUB SEASON OPENS.

Ladies' Literary Club Gives Reception—An Excellent Program Rendered.

The Ladies' Literary club held its opening meeting for this club year yesterday afternoon, at which a most

pleasant and instructive time was enjoyed.

The funeral of Col. George Frouse, in green, and the beautiful effect was strengthened by the decorations in sunflowers.

Arthur Shepard opened the program with one of his choicest pieces, rendered in his most masterly manner. Mrs. Garra and Mr. Hugh Douglas gave vocal solos which were highly appreciated as they were very fine.

The club was then addressed by Mrs. King, the new president, who advised the members to be interested in all questions that concerned the public, more especially educational and sanitary questions.

Mrs. M. L. Ritchie, the chairman of the program committee, presented the program for the year, which is a most interesting one.

The club then received a good training in parliamentary law at the hands of Mrs. Urquhart Lee of Chicago, who is eminently competent as an instructor in parliamentary usages.

The evening concluded with refreshments and social intercourse.

BOY TAKES STRYCHNINE.

Kills Himself to Avoid Punishment from His Father.

The 12-year-old son of John DeFrance, a negro, who lives at Manning, killed himself last evening by taking strychnine. The only motive the boy had was to escape a whipping his father had been going to give him. Before leaving for his work yesterday morning DeFrance told his son to be sure and give the chickens water, and told him if he neglected it that he would punish him.

The boy had failed in this duty several times before, and yesterday he got to playing with some children and forgot to water the chickens. The boy told his companions that his father had threatened to whip him when he came home, and he cautioned the boy about touching him. When the father returned home last evening and saw that the boy had neglected to do as he had told him, he prepared to whip him, but the boy complained of a stiffness in his limbs. The father perceived that there was something wrong and went to find the bottle containing the poison. He found it under the bed, partially emptied.

The boy had carried out his threat, and before the father could get to him, he was dead.

TOOELE MAN ROBBED.

James Martin Knocked Down by Thugs, Who Get Away With \$47.

It was reported to the police last night that James Martin, of Tooele, was knocked down and robbed of \$47.50 near Second West and First South.

Martin was found meandering about in a dazed condition by James Cary and J. P. Burton to whom he told his story. He said that a couple of men came along and asked if he had any money. Before he could reply he was knocked down and robbed. He was unable to describe his assailants. Martin showed evidences of rough handling. His lips were black and blue.

INDIA FAMINE FUND.

The "News" has received the following amounts for the relief of the starving people of India since its last publication. Our friends are again reminded that the smallest contribution will do some good and no amount is too small to be forwarded. The people of Mancos, Colo., sent \$23.35 a few days ago. They now send \$3.80 as follows:

James Smith	1.50
Jane Decker	.25
Emma Decker	.25
Soren Jensen Jr.	.25
Anna Jensen	.25
Mary Jensen	.25
S. S. Hammond	.25
Katrina Jensen	1.00
Henriette Twelves	3.80
Total	\$44.27

FRUIT FOR STATE FAIR.

State Board of Horticulture Give Some Instructions.

Secretary J. A. Wright of the State Board of Horticulture has sent out the following:

While it is urgent upon fruit growers to make entries for competition at the State Fair to be held October 2-7, still it is known that many persons have small lots of choice fruit and at the same time do not wish to take the trouble to enter for premiums. All such persons will confer a favor upon the fair management and at the same time aid in upholding the good name of Salt Lake county as a fruit growing section by donating their fine specimens to the exhibition to be made at the fair by the State Board of Horticulture.

It is therefore requested that all who wish to aid in this manner, immediately send word to County Fruit Inspector John P. Sorenson, who will attend to gathering the fruit and preserving the same for exhibition by placing in cold storage.

Full credit will be given the grower, but the State Board of Horticulture cannot undertake to return any fruit thus donated.

SUNDAY SCHOOL WORKERS.

Officers and Teachers Reminded of a Special Meeting.

The officers and teachers of the Sunday schools of Salt Lake state are here, by reminder of the special Sunday School Union meeting to be held in the Assembly hall, Salt Lake City, Monday, Sept. 17, at 7:30 p. m. On this occasion some of the general officers and members of the Deseret Sunday School Union Board are expected to be present and give special and general instructions. All officers and teachers are urged to attend.

Superintendents are also requested to give the members of their Theological departments a special invitation to be present, as the instructions will be of great importance to them as prospective officers and teachers in the ward meetings. The general public are also cordially invited to be present.

J. H. PARRY, Sec'y.

GOOD HEALTH.

The stomach is the foundation of health. When it does its work properly disease cannot enter the body. If it is out of order, Hostetter's Stomach Bitters, the famous dyspepsia cure, will restore its vigor. It is the most valuable medicine for indigestion, dyspepsia, constipation, or Malaria, Fever and Ague. Our private revenue stamp covers the neck of the bottle.

Hostetter's Stomach Bitters

Help for Weak Women

Thousands of women endure the tortures of living death and at last succumb to the diseases peculiar to their sex without knowing of the life and health which is theirs if they use Dr. Williams' Pink Pills for Pale People, an ever faithful remedy that cures where all others fail.

Mrs. Grace Campbell, of 901 Logan Street, Grand Rapids, Michigan, relates the following story:

"The birth of my first child left me in a deplorable condition. My system was broken down and I suffered from general debility. I was exceedingly nervous and rheumatism often troubled me. My appetite failed me and the most delicate and inviting food failed to tempt me. I was thin and pale, and had neither energy nor ambition. My case had been growing steadily worse for two years. I had used several so-called remedies but found no curative qualities in them.

"In the summer of 1895, I was visiting my grandmother in Ludington, Mich., and there learned of the wonderful cures effected by Dr. Williams' Pink Pills for Pale People. I tried the pills and had not finished one box before I felt much better. I continued them through the year and the result was a perfect cure. I am no longer nervous nor rheumatic and have never again felt much better. I certainly recommend the pills to all who need them and their results have always been beneficial."

Signed, MRS. GRACE CAMPBELL.

STATE OF MICHIGAN, CO. OF KENT, Subscribed and sworn to before me this 25th day of July, 1900. R. F. BARNES, Notary Public.

Dr. Williams' Pink Pills for Pale People

are sold in boxes (never in loose bulk) at 50 cents a box or six boxes for \$2.50, and may be had of all druggists, or direct by mail from Dr. Williams' Medicine Company, Schenectady, N. Y.

UNIVERSITY OF UTAH.

This institution will occupy the new buildings on the east hill the ensuing year. It will open October 1st, entrance examinations being held September 26th, 27th 28th. The Training School, a department of the Normal School, will begin September 10th in the south new building. In the new buildings there will be better facilities in all the courses offered than were in the old home. The new laboratory, called the Physical building, has been specially arranged for mining and electrical engineering work, along the lines of mineralogy, chemistry, metallurgy, physics and electricity. All the collegiate courses will be better provided for this year, both from the point of room and from that of the instructing force.

The athletic and gymnastic work for male students will be in charge of an experienced and competent man, who was one of the best athletes and one of the best students in the University of Wisconsin.

Special provision has been made to give instruction to young men and young women over the school age who are not prepared to enter upon any course in the University, at a cost for each of \$20 per year. Such an opportunity will thus enable these persons to prepare for regular courses in the institution.

A competent and practical book-keeper will give a thorough course in bookkeeping for anyone who may apply for it, and especially for the normal and mining students.

Any information concerning the University can be obtained by writing to D. R. Allen, Secretary of the Regents, or by calling at the old University building between 11 and 12 o'clock, or by telephone during this hour.

The athletic and gymnastic work for male students will be in charge of an experienced and competent man, who was one of the best athletes and one of the best students in the University of Wisconsin.

The athletic and gymnastic work for male students will be in charge of an experienced and competent man, who was one of the best athletes and one of the best students in the University of Wisconsin.
